SWOT Analysis

Strengths

- Strategic location at crossroads of 3 regional markets
- 3 confirmed strategic partnerships
- Ready infrastructure and modern warehouses
- Strong Nobles reputation in real estate market

Weaknesses

- Limited ALIC brand awareness
- Pre-official launch phase
- No previous media coverage
- Need for strong visual identity

Opportunities

- Market gap for integrated logistics cities
- E-commerce growth 25% annually
- Government support for economic modernization
- Growing demand for smart warehouses

3

Strategic Objectives

1

Build Brand Awareness

Achieve 80% awareness of ALIC among target audience within 3 months of launch.

2

Strengthen Competitive Position

Position ALIC as the largest and most modern logistics industrial city in Jordan.

3

Link to National Vision

Confirm ALIC role as strategic partner in achieving Economic Modernization Vision 2033.
